Congratulations on being accepted into the A. James Clark School of Engineering! Our staff welcomes you and looks forward to assisting you with your career preparation and job search. Here are just a few ideas to help you get started:

1. **Get a head start on your U.S. internship search** by attending these career workshops in Martin Hall. They are offered throughout the summer and a few times each semester. You can sign up on our website.

   - **Resume Writing**
   - **Find an Internship (or Co-op)**
   - **Career Fair Preparation**
   - **Interview Tips**
   - **Cover Letters & Thank You Notes**
   - **LinkedIn 101: Create an Account**
   - **Advanced Job Search Strategies**
   - **Job Offers and Salary Negotiation**

3. **Have your new resume critiqued.** After you update your resume, bring a printed copy to our office. A peer or staff advisor will give you suggestions on how to further build your resume.

   - **Walk-in Resume Critiques**
   - **Monday-Friday, 8:30 a.m. - 4:15 p.m. | No Appointment Needed**

4. **Activate your Careers4Engineers/Careers4Terps account.** Use this portal to search and apply for internships and jobs, as well as learn about employers that hire Maryland students. Once you are officially registered as an engineering student at the University of Maryland, we can activate your account at the time of your resume critique.

5. **Attend events with employers** to network with professionals, learn about companies and maybe submit a resume. Landing an internship or co-op before graduation will benefit your job search immensely. See our website for dates for these and more events and preparation workshops.

   - **Engineering Picnic & Information Fair**
   - **Fall & Spring Career & Internship Fair**
   - **Information Sessions**
   - **Lobby Tables**
   - **Tech Talks, Lectures & Symposia**
   - **Professional Conferences**

6. **Get involved!** Meet other students and faculty by joining any of our outstanding engineering student societies or competition teams. Whether you want to meet people with similar interests or to gain hands on engineering experience you can put on your resume, there are plenty of groups on campus. Attend the Engineering Picnic and the First Look Fair in September to learn about all that the university has to offer.

7. **Visit our office and website** for additional help with career planning. We are happy to answer general questions or meet with you individually to discuss your unique job search plan.
